## Graeme Sinclair

---

To date Graeme is nationally involved in “TradeZone Kids Gone Fishin”; a charitable event in conjunction with TradeZone Industrial Supplies the major show sponsor and Police Blue Light involving a kids’ half day of fun and fishing. These events have now been running for over 15 years and are becoming increasingly popular with up to 2000 children attending.

Through his involvement with Kids Gone Fishin, Graeme has been appointed a Patron of the New Zealand Police Bluelight and is also a Wing Patron for the Royal New Zealand Police College Recruit Wing 267.

He and Sandee also donate their time to various other charities or Trusts ie Halberg Disability Sport Foundation but their focus is for NZ Blue Light.

“I just want to extend my personal thanks to you both. Your presentation was perfectly delivered and exceeded my expectations! We have some very happy client’s and sales teams as well. You are both such an inspiration and pleasure to work with ☺ I would very much like to get you back again someday, I think your message should be heard by more.” *Jennian Homes Nelson Bays 2013*

“The best of the best though was your presentation - informative, positive, hilarious and so entertaining. Thank you so much and well done. I really hope you believe you received great exposure as the feedback about you has been outstanding - you and Sandee are truly remarkable and inspiring. A huge thank you to you Graeme for being part of this event - it was a magic day.” *Multiple Sclerosis Auckland 2014*

“I just wanted to pass on my thanks for helping us facilitate Graeme Sinclair as our conference guest speaker yesterday. Graeme was simply outstanding. Many people have said he was the highlight of their day. Graeme’s story was at once spellbinding, funny, and - at times - unbearably sad. But through it all came his tenacity, courage and passion for life. No one was left untouched by his presence on this day. So thank you, and please pass on my regards to Graeme and Sandy. It was truly a pleasure to meet him and have him as part of our team event.” *Health Alliance 2014*
